美元，是美国的法定货币；1美元等于100美分；美分是美元最小的使用单位。在二战以后，欧洲大陆国家与美国达成协议同意使用美元进行国际支付，此后美元作为储备货币最终成为国际货币；1971年出现的"美元危机"，美元在全世界的泛滥成灾，最终导致美国黄金储备面临枯竭的危机，美元失去了其等同黄金的特殊地位---美元不再有法定含金量。一直以来，美国以自己的利益为中心，动辄挥舞制裁大棒咄咄逼人，使得许多国家不满，推高了国际社会对"去美元化"的呼声，绕开美元而使用其他货币结算，已经成了很多国家的共识。此1美分硬币，含铜2.5%，其余全是金属锌。正面主图为美国第16任总统亚伯拉罕—林肯侧面头像、IN GOD WE TRUST（信仰上帝）、LIBERTY（自由）、铸造年份2015和代表铸造厂的字母。背面图案为联盟盾牌（由13条条纹组成，分别代表美国最早独立的13个州）、题铭E PLURIBUS UNUM（合众为一）、ONE CENT（一美分）、上面是国名United States of America（美利坚合众国）。The full name of the United States is "United States of America"; "Uncle Sam" is the symbol of his country. In the middle of the 18th century, 13 British colonies were gradually formed. They had their own governments and parliaments under Britain's supreme sovereignty. The Boston Tea Party in 1773 ignited the war in Lexington, Massachusetts, and the War of Independence broke out in North America. The United States of America was formally established in July 1776. Although the Misibi Compromise has maintained peace for nearly 30 years, with Lincoln's administration, the southern states declared independence from the United States of America and formed another group of United States states on the grounds that the northern states

ignored their statehood. In 1863, Lincoln promulgated the Declaration on the Liberation of Black Slaves and the Homestead Act, which reversed the unfavorable situation in the North. On April 9, 1865, the southern government ended in failure. This victory not only restored the unity of the United States, but also abolished slavery throughout the country. On April 15, President Lincoln was assassinated in Ford Theater. Since the early 19th century, the westward movement of the United States, also known as the road of blood and tears, expelled and wiped out native Indians. The Hawaiian Islands were annexed in 1898. The world is divided into two camps, east and west. In order to contain the Soviet Union, the United States, Canada and 10 Western European countries jointly established the North Atlantic Treaty Organization, or NATO for short, to unite their allies against any military invasion into North America and Europe. Later, 14 European countries successively joined the common defense alliance, including Turkey, some former Warsaw Pact members and some Soviet Union member states. On December 16, 1978, China and the United States issued the Joint Communiqué of the People's Republic of China and the United States of America on Establishing Diplomatic Relations. On January 1, 1979, the two countries formally established diplomatic relations at the ambassadorial level. When the Soviet Union disintegrated in 1991, the United States became a superpower.
